**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Even my mundane life can't function without adequate affordable internet access. Competition is essential in our capitalist system, so make sure there's competition between providers so that rates remain affordable even for low income people like me. My land line phone is almost unusable thanks to being taken over by spammers, but my internet provider, sonic.net of Santa Rosa, keeps almost all spam out of my email.

Please act in the interest of the American public, not the big companies who try to shut out competitors and gain monopoly.
